Plan Description

Deferred Interest with Payments: The customer is required to pay a minimum monthly payment equal to 1% of the purchase balance during the promotional period. Interest accrues at the standard account APR during the promotional period. Accrued interest is charged to the customer's account if the original purchase amount is not paid in full by the end of the promotional period. The minimum payment amount will increase to the standard Account repayment percentage after the promotional period for the remaining balance. (Plan Type 1)

No Interest with an Equal Number Payments: During the ____ Month promotional offer period the minimum monthly payment is calculated by dividing the Purchase amount by the length of the promotional offer period. Interest will not accrue during promotional offer period. After the promotional offer period expires, interest will be charged at the APR for Purchases, on any remaining balance until paid in full. (Plan Type 5)

Promotional APR with Equal Payments: The Promotional APR will apply to the purchase during the promotional period. The minimum payment requirement is based on an equal number of payments and includes interest. After the promotional offer period expires, interest will be charged at the APR for Purchases on any remaining balance until paid in full. Promotional Transaction Fee: A Promotional Fee will be added to your account for this transaction (Plan Type 9)
